### RGS/ASV FAQ's

#### What does it do?

*Shreds small trees and brush into a coarse mulch.*

#### How big a tree will it take down?

*In general 6" and smaller trees are easily mulched.  
The ASV will take down larger (8" to 12") trees but it takes longer to turn them into mulch.*

#### What does it cost?

*Non RGS members \$135.00/tachometer hour.*

*RGS members \$110.00/tachometer hour.*

*RGS membership \$25.00/year*

*Transport \$85.00/hour.*

**Hourly fee includes operator and fuel.**

#### Can I operate the ASV myself?

*Operating the ASV with mulching head requires special training. The hourly fee includes the operator supplied by RGS.*

#### How much will the ASV do in an hour?

*One half to two thirds of an acre per hour is a reasonable expectation. Sometimes when conditions were excellent, we have done as much as an acre per hour.*

#### How do I schedule the ASV to work on my property?

*See the RGS/ASV promotion sheet for how to contact John Paige, Larry Visser or Bruce Wojcik.*

## 2011 Ray Bunn Sportsman of the Year

This past Spring Traverse City lost a Conservation Giant when Le Grand Traverse founding Member **Ray Bunn** went to hunt the Aspen and Alder in the sky behind his beloved Setter Two Track.

Our chapter wants to thank Ray for his 30+ years of support and send our condolences to his family and friends as we all hope the grouse are stupid and the trout are big in heaven.

As a memorial to Ray, the 5<sup>th</sup> Annual Ray Bunn, Sportsman of the Year award will be given out at the Annual Banquet on September 10, 2011 at the Williamsburg Dinner Theatre.

Nominations are now being accepted for area conservationists that have an impact on conservation in and throughout our community. If you know of someone that has gone above and beyond and deserves to be recognized email by 8/1/11 to Fritz Heller with your nomination resume to [fritz.heller@marriott.com](mailto:fritz.heller@marriott.com).
